Introduction

Headquartered in Chicago, SLI is a full-service international freight-forwarder with 4 owned branch offices (ORD, LAX, JFK and SEA) and a joint-venture set-up of 5 additional offices throughout the United States.

Our joint venture with one of the leading neutral Customs Brokerage Houses in the United States has put us in a position to offer export and import services, with in-house brokerage, at any of our 8 strategically located outlets in the continental U.S.

Our offices are located in Atlanta, Charlotte, Chicago, Houston, Los Angeles, Miami, New York and Seattle.

We are accredited by IATA, allowing us to partner with the world's airlines to handle any airfreight shipment of any size from any point in the United States to any point worldwide.

Fully FMC (Federal Maritime Commission) licensed as an OTI (Ocean Transport Intermediary) and a NVOCC, we are in a position to negotiate contracts with the steamship lines and issue our own, FMC approved Bill of Lading.

Our project cargo division handles outsized, overweight, special-requirement shipments on a world-wide basis with global reach and expertise.

Managing our customers' Supply Chains is a value added service we offer to all clients. From planning a Just in Time strategy to minimize warehousing cost, to implementing a FIFO (First-In-First-Out) system for perishable items, both durable goods and food stuff, SLI is your One-Stop-Shop.

Our international Management team has been hand picked for their experience and achievements. SLI's Top Management has gathered work experience on 5 continents, becoming intricately familiar with the various regions' specifics and requirements.
